

Delhi Public School, Howrah

PRE BOARD- I EXAMINATION (2025-2026)

Class- X

635

Care must be taken not to write anything on the question paper. All the questions must be attempted in the correct sequence.

SUBJECT: SOCIAL SCIENCE (CODE- 087)

F.M.80

Time: - 3 Hours

General Instructions:

1. There are 38 questions in the Question paper. All questions are compulsory.
2. The question paper has Four Sections – A-History, B-Geography C- Political Science, and D-Economics.
3. Each Section is of 20 Marks and has MCQs, VSA, SA, LA and CBQ.
4. Very Short Answer Type Questions (VSA), carry 2 marks each. Answers to each question should not exceed 40 words.
5. Short Answer Type Questions (SA), carry 3 marks each. Answers to each question should not exceed 60 words.
6. Long answer type questions (LA), carry 5 marks each. Answers to each question should not exceed 120 words.
7. There are case based questions (CBQ) with three sub questions and are of 4 marks each. Answers to each question should not exceed 100 words.
8. The map-based questions, carry 5 marks with two parts- Q9. In Section A-History (2 marks) and Q19. In Section B -Geography (3 marks).
9. There is no overall choice in the question paper. However, an internal choice has been provided in few questions. Only one of the choices in such questions must be attempted.

SECTION A HISTORY

1. Assertion (A): The conquest of the Portuguese and Spanish colonies of North America was decisively underway by mid 16th century

Reason (R): The conquest was only a result of fire Power

- A. Both A and R are true, and R is the correct explanation of
B. Both A and R are true, but R is not the correct explanation of A.
C. A is true, but R is false.
D. A is false, but R is true.

2. The Balkan region was called the "powder keg of Europe."

This phrase indicates:

- A. Industrial backwardness of the Balkans
B. Cultural unity of the region
C. High tension due to ethnic diversity and nationalism
D. The dominance of Ottoman Empire in trade

3. Match the following with the correct option

Event	Year
a) Non-cooperation	i) 1930-34
b) Civil Disobedience	ii) 1920-22
c) Quit India	iii) 1942
d) Jallianwala Bagh	iv) 1919

- A. a-i, b-iii, c-iv, d-ii
B. a-ii, b-i, c-iii, d-iv
C. a-ii, b-iv, c-i, d-iii
D. a-iv, b-i, c-ii, d-iii

4. Given is the image of 'Ghor Kali'. What does the image represent?
- The Image of a typical Indian family.
 - The dominance of the male member in the family.
 - Need for a matriarchal mindset.
 - The destruction of family relations.

5A. The silk routes are a good example of vibrant pre-modern trade and cultural links between distant parts of the world. Explain. 2

OR

5B. Traders and travelers introduced new crops to lands they travelled. Substantiate this statement with examples.

6A. Explain why was the decade of 1830s known as a period of economic hardship in Europe? 3

OR

6B. How can we conclude that the development of a British nation was not a result of a sudden upheaval but a long drawn process.

7A. Compare and contrast the changes print brought in the lives of women in India and Europe. 5

OR

7B. In a historical conference the topic of discussion for a panel is 'Print as a tool of religious and social change'. What information are the panelists likely to discuss to depict the changes brought about the print in the socio-religious sphere of India?

8. Mahatma Gandhi found in salt a powerful symbol that could unite the nation. On 31 January 1930, he sent a letter to Viceroy Irwin stating eleven demands. Some of these were of general interest; others were specific demands of different classes, from industrialists to peasants. The idea was to make the demands wide-ranging, so that all classes within Indian society could identify with them and everyone could be brought together in a united campaign. The most stirring of all was the demand to abolish the salt tax.

8.i) How could salt be a powerful symbol to unite the nation? (1)

8.ii) What was the result of the rejection of the eleven demands by Irwin? (1)

8.iii) How far do you think Gandhi was successful in taking up the cause of Masses through the movement that followed? (2)

9. Two places A and B have been marked on the given outline map of India. Identify them and write their correct names. 2

A) Place where movement for Indigo planters was done by Gandhi

B) Place where Congress session for 1927 took place in

SECTION B GEOGRAPHY (20 marks)

10. A factory produces steel using raw materials like iron ore, coal, and limestone. Identify the type of industry and its classification based on ownership. (1)

A) Agro-based, Private sector

B) Mineral-based, Public sector

C) Forest-based, Small-scale

D) Cottage industry, Cooperative

11. Why are cotton textile industries mainly located in Maharashtra and Gujarat? (1)

A) Because of high rainfall

B) Because of proximity to cotton-growing areas and humid climate

C) Because of iron ore availability

D) Because of cheap hydroelectricity

12. Which of the following correctly matches mineral with its major producing state?

(1)

- A) Iron ore – Maharashtra
- B) Mica – Jharkhand
- C) Bauxite – Haryana
- D) Copper – Kerala

13. There are two statements marked as Assertion (A) and Reason (R). Mark your answer as per the codes given below:

(1)

Assertion (A): Tea cultivation in India requires deep, fertile, well-drained soil rich in humus and organic matter, along with gentle slopes for proper drainage.

Reason (R): Tea is successfully cultivated in the plains of northern India because stagnant water supports better growth of tea bushes.

- A) Both A and R are true, and R is the correct explanation of A.
- B) Both A and R are true, but R is not the explanation of A.
- C) A is true, R is false.
- D) A is false, R is true.

14. India's growing population and rapid urbanisation have put tremendous pressure on existing freshwater sources. Many cities such as Chennai and Bengaluru have faced "Day Zero" situations, where groundwater levels dropped dangerously low. In response, initiatives like rainwater harvesting, recycling wastewater, and rejuvenating lakes have been promoted.

The term "Day Zero" refers to —

- A) The day when it rains heavily
- B) The day when water quality improves
- C) The day when available water runs out and taps go dry
- D) The day when groundwater level rises

15. Which of the following statement/s correctly differentiates between reserved forests and protected forests? (1)

- A) Reserved forests are meant for local use; protected forests are under government control.
- B) Reserved forests are highly protected and no human activity is allowed without permission, whereas protected forests allow some local use.
- C) Protected forests are completely restricted areas; reserved forests are open access.
- D) Both have the same level of protection

16. What are the potential long-term economic consequences for India if it fails to manage its mineral resources sustainably?

(2)

17A. India is facing an acute water crisis despite having many rivers, lakes, and rainfall during the monsoon. Examine this situation critically and answer the following:

(3+2=5)

- (a) Give three major causes for the growing water scarcity in India.
- (b) "Multipurpose River valley projects are both a boon and a bane for the country." Justify this statement with two arguments.

OR

17B. Some states like Tamil Nadu and Rajasthan have implemented successful rainwater harvesting and watershed management projects, proving that local community participation can make water use sustainable. (2+3=5)

- (a) Why is India's water scarcity described as a "man-made problem"?
- (b) How has urbanisation contributed to water shortage? Explain how rainwater harvesting can be a sustainable solution.

In areas of high population pressure on land, intensive subsistence farming is practiced. This type of farming involves high doses of biochemical inputs and irrigation to obtain higher production. However, the right of inheritance leading to the division of land among successive generations has rendered land-holding size uneconomical. Despite this, farmers continue to take maximum output from the limited land in the absence of alternative sources of livelihood.

18.i Explain why intensive subsistence farming leads to high population pressure on land.

18.ii Discuss the implications of the 'right of inheritance' on land holdings and agricultural productivity.

19. Map Skill- Based Questions: - (3)

On the same outline map of India locate and label the following with suitable symbols:

- Locate and label any two regions of Alluvial soil
- Identify the coal mine marked as "C"

OR

Identify the Nuclear power plant marked as "D"

- Locate and label the major Iron exporting port in the Arabian Sea (western Ghats)

SECTION C POLITICAL SCIENCE (20 marks)

20. Ashvini comes from school and watches television everyday. Today he saw a programme where a bunch of his uncles and neighbours from his society were shouting with a huge banner in their hands. This banner read "We want equality. We want an Eelam for us." Ashvini asks his father about the meaning of Eelam. What do you think would have been Ashvini's father's reply?

1

- Eelam is the name of a place in Sri Lanka.
- Eelam means a separate state for Tamils in Tamil dominated regions in Sri Lanka.
- Eelam means voting rights for Tamils.
- Eelam is the name of a tax paid by Sinhalas for Tamils.

21. Identify the reason why caste alone cannot determine the election results in India.

1

- No party can win the votes of all the voters of a caste or community.
 - Political parties appease certain castes and ignore others.
 - No parliamentary constituency in our country has a clear majority of one single caste, people from different castes live in each constituency.
 - Mobilising and securing political support has brought new consciousness among the lower castes.
- i,ii,iii,iv
 - ii, iii and iv
 - i and iii
 - i ,ii and iii

22. There are two statements marked as Assertion (A) and Reason (R). Mark your answer as per the codes provided below:

1

Assertion (A): When political power sharing is direct, it is between two or more parties forming an alliance to contest elections.

Reason (R): This helps to make a more stable government.

- Both (A) and (R) are true and(R) is the correct explanation of (A)
- Both (A) and (R) are true but(R) is not the correct explanation of (A)
- (A) is correct but(R) is wrong
- (A) is wrong but(R) is correct

23. Match the following:

1

COLUMN A	COLUMN B
a) Gram Sabha	(i) Gram panchayats group together to form this unit
b) Gram Panchayat	(ii) It reviews the performance of the gram panchayat
c) Zila Parishad	(iii) Decision making body of the entire village
d) Mandals	(iv) Mandals in a district together constitute

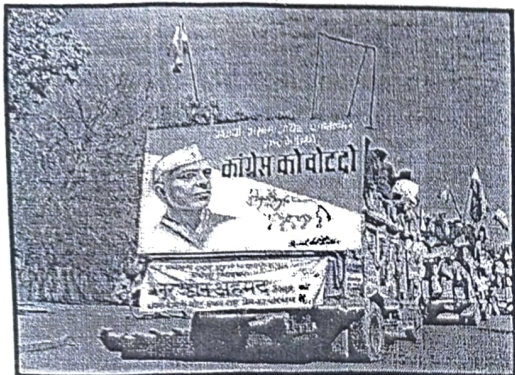

- A. a)-(ii), b)-(iii), c)-(iv), d)-(i)
 B. a)-(i), b)-(ii), c)-(iii), d)-(iv)
 C. a)-(iv), b)-(i), c)-(ii), d)-(iv)
 D. a)-(iii), b)-(ii), c)-(iv), d)-(i)

24. What is caste hierarchy? How do caste divisions disturb the harmony in our society?

2

25. Look at the picture and answer the following questions.

2

- (a) What are the two important functions that political parties perform as shown in the above picture?
 (b) What is the difference between alliance and coalition?

26 A. 'Democracy is based on the idea of negotiation and deliberation.' Examine the statement giving suitable reasons.

3

OR

B. What is the relation between democracy and economic development?

27 A.i) Define the two-party system and explain its advantages and disadvantages. (any 2)

ii) The rise of political parties is directly linked to the emergence of representative democracies. Justify the statement. (any 3 points)

(2+3=5)

OR

27 B. Enlist the differences between state and national parties (any 3 points) citing suitable examples for each. Write a short note on any 2 national parties of India.

(3+2=5)

28. Read the passage and answer the following: -

(2+1+1=4)

India's language policy in its federal structure prevents any single language from becoming a national language and recognizes some Scheduled Languages alongside an official language. States have their own official languages for government business, and another language is also used officially for communication between the central government and non-Hindi speaking states, ensuring flexibility and accommodating linguistic diversity while preventing dominance by one group.

28.i Describe the formation of linguistic states with respect to the Indian Union.

28.ii How many scheduled languages were recognized by the Indian constitution? Which were the 2 official languages?

28.iii Why is there no national language according to our constitution?

SECTION D ECONOMICS(20 MARKS)

29. Study the following information and choose the correct answer.

(1)

Country	Per Capita Income (US \$)	Life Expectancy at Birth (Years)	Literacy Rate(%)
Country A	\$2,500	65	70
Country B	\$1,800	78	85
Country C	\$2,000	70	75

Which of the following statement is true based on the above information?

A. Country A is the most developed country among all because it has the highest per capita income.

B. Country B is the most developed because it has a better health and education status, despite a lower per capita income.

C. Country C has the lowest life expectancy and literacy rate but high per capita income.

D. All the three countries have similar level of Human Development Index.

30. "What may be development for one may not be development for other". Which of the following scenario can best describe the above statement? (1)

A. Construction of school in a remote village for the education of village children.

B. Construction of hospital in an area where no healthcare facilities are available.

C. Setting up a cold storage facility in a rural area.

D. Construction of a dam for providing electricity in nearby industries.

31. Which of the following statements best describes the meaning of globalisation? (1)

A. Removal of tax barrier on trade.

B. Providing people a higher standard of living.

C. Process of rapid integration between countries.

D. Taking special steps to attract foreign companies.

32. What was the primary rationale behind the Indian government imposing barriers on foreign trade post-independence? (1)

A. To increase foreign investment.

B. To improve the quality of domestic products.

C. To safeguard domestic industries from foreign competition.

D. To decrease the cost of imported goods.

33. There are two statements marked as Assertion (A) and Reason (R). Mark your answer as per the codes given below: (1)

Assertion (A): Credit can play a positive or negative role in a borrower's life depending on the situation.

Reason (R): Credit always increases the borrower's income regardless of their ability to repay.

A. Both A and R are true and R is the correct explanation of A.

B. Both A and R are true but R is not the correct explanation of A.

C. A is true but R is false.

D. A is false but R is true.

34. What is the main source of income for banks? (1)

A. Depositing funds in foreign banks.

B. The difference between interest charged on loans and interest paid on deposits.

C. Investing in infrastructure projects.

D. Charging depositors a fee for keeping their money safe.

35. "Money cannot buy all the goods and services that one may need to have a good life". Justify the statement with three suitable examples. (3)

36. What is a debt trap? Why do a large number of poor people in our country tend to fall in the debt trap? (3)

37. Discuss how has technology played a major role in the process of globalisation? (3)

38. A. Radha works as a house help in Bengaluru. She works in Shilpi's house, who works in a reputed IT firm in the city. Both of them share a great bond and often discuss their daily activities. Find out the differences in working conditions between Radha and Shilpi. (5)

OR

B. Discuss the responsibility of government in reducing unemployment in India.
