	Reason : India's prosperity lies in diversifying its manufacturing industries. a) Both assertion and reason are true and reason is the correct explanation of assertion. b) Both assertion and reason are true but reason is not the correct explanation of assertion. c) Assertion is true but reason is false. d) Both assertion and reason are false.	
14.	Which state is the largest producer of manganese in India ? a) Odisha. b) Karnataka c) Madhya Pradesh d) Andhra Pradesh	1
15.	Which of the following is not a physical factor to determine land use? a) climate condition b) soil type c) topography d) population density	1
16.	"Agriculture and Industry are not exclusive to each other. They move hand in hand". Justify your answer with examples.	2
17	A. What is the need for conservation of resources? Elucidate in the light of Gandhi's views. OR B. What are the steps involved in the complex process of resource planning? Why is resource planning important in the context of a country like India?	5
18.	Read the source given below and answer the questions that follow: Many thought that given the advantages and rising resistance against the multipurpose projects, the water harvesting system was a viable alternative, both socio-economically and environmentally. In ancient India, along with the sophisticated hydraulic structures, there existed an extraordinary tradition of water-harvesting systems. People had in-depth knowledge of rainfall regimes and soil types and developed wide ranging techniques to harvest rainwater, groundwater, river water and flood water in keeping with the local ecological condition and their water needs. In hill and mountainous regions, people built diversion channels like the 'guls' or 'kuls' of the western Himalayas for agriculture. 'Rooftop rainwater harvesting' was commonly practised to store drinking water, particularly in Rajasthan. In the flood plains of Bengal, people developed inundation channels to irrigate their fields. In arid and semi-arid regions, agricultural fields were converted into rain fed storage structures that allowed the water to stand and moisten the soil like the 'khadins' in Jaisalmer and 'Johads' in other parts of Rajasthan. Answer the following questions i. List two examples of diversion channels used for agriculture in hill and mountainous regions, and where can you find them? 1 ii. Name two different methods of traditional water harvesting practices in India and provide a brief description of each. 1 iii. What is the purpose of Khadins' in Jaisalmer and 'Johads' in other parts of Rajasthan, and in which type of regions are they typically found? 1+1=2	
19.	On the same outline map of India locate and label any three of the following with suitable Symbols. I. A. Rana Pratap Sagar Dam or, B. The dam in the Mahanadi basin that integrates conservation of water with flood control.	(1+1+1=3)

- II. Any two from the following
- A major sea port in West Bengal
 - An international airport in Tamil Nadu
 - An international airport in Punjab

SECTION C POLITICAL SCIENCE- (20 MARKS)

20. Assertion (A): Power can be shared among governments at different levels – a general government for the entire country and governments at the provincial or regional level.
Reason (R): Such a general government for the entire country is usually called the federal government.
- Both A & R are true and R is the correct explanation of A.
 - Both A & R are true and R is not the correct explanation of A.
 - A is true but R is false.
 - A is false but R is true.

21. Which one of the following options best signifies this cartoon?

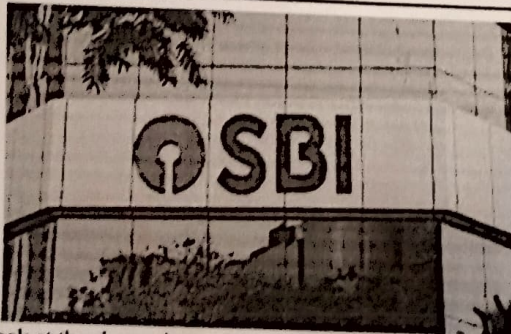

- Demand for separate state from democratic government.
- Democratic government is facing territorial issues with the bordering states.

26.	'Democratic government is a legitimate government'. Support the statement with arguments.	3												
27. A.	'Political parties are a necessary condition for a democracy'. Analyse the statement with examples.	5												
B.	OR, 'The first challenge faced by political parties is lack of internal democracy within parties'. What do you understand by the statement? Explain.													
28.	Read the given text answer the following questions: All this changed significantly after 1990. This period saw the rise of regional political parties in many States of the country. This was also the beginning of the era of coalition governments at the Centre. Since no single party got a clear majority in the Lok Sabha, the major national parties had to enter into an alliance with many parties including several regional parties to form a government at the Centre. This led to a new culture of power sharing and respect for the autonomy of State Governments. This trend was supported by a major judgement of the Supreme Court that made it difficult for the Central Government to dismiss state governments in an arbitrary manner. Thus, federal power sharing is more effective today than it was in the early years after the Constitution came into force. 28.1. What is meant by a coalition government? (1) 28.2. Name one institution who supported federalism by limiting the central government's power to dismiss state governments. (1) 28.3. How did the political scenario after 1990 strengthen federal power sharing in India? (2)	4												
SECTION D ECONOMICS (20 marks)														
29.	Education Achievement of Rural population of Uttar Pradesh <table border="1"> <thead> <tr> <th>Category</th><th>Male</th><th>Female</th></tr> </thead> <tbody> <tr> <td>Literacy rate for rural population</td><td>76%</td><td>54%</td></tr> <tr> <td>Literacy rate for rural children in age group 10-14</td><td>90%</td><td>87%</td></tr> <tr> <td>Percentage of rural children aged 10-14 attending school</td><td>85%</td><td>82%</td></tr> </tbody> </table> Read the following and select the appropriate option from the following. How many percentages of girls are not attending school? (a) 81% (b) 61% (c) 69% (d) 18%	Category	Male	Female	Literacy rate for rural population	76%	54%	Literacy rate for rural children in age group 10-14	90%	87%	Percentage of rural children aged 10-14 attending school	85%	82%	1
Category	Male	Female												
Literacy rate for rural population	76%	54%												
Literacy rate for rural children in age group 10-14	90%	87%												
Percentage of rural children aged 10-14 attending school	85%	82%												
30.	 Look at the above picture. The work being done in the picture comes under which one of the following economic sectors? (a) Primary (b) Secondary (c) Tertiary (d) Quaternary	1												
31	Look at the following examples. Which if these are unorganised sector activities?	1												

	(i) A teacher taking classes in a school (ii) A head load worker carrying a bag of cement on his back in a market (iii) A doctor in a hospital treating patient (iv) A daily wage labourer working under a contractor (a) (ii) and (iv) (b) (b) (i) and (ii) (c) (c) (ii) and (iv) (d) (d) (iii) and (iv)	
32	Assertion (A): Banks keep a major proportion of their deposits as cash with themselves. Reason (R): Banks make use of the deposits to meet the loan requirements of the people. Codes (a) Both Assertion (A) and Reason (R) are true and Reason (R) is the correct explanation of Assertion (A) (b) Both Assertion (A) and Reason (R) are true and Reason (R) is not the correct explanation of Assertion (A) (c) Assertion (A) is true but Reason (R) is false (d) Assertion (A) is false but Reason (R) is true	1
33	In which following ways can the countries be connected today? (a) Movements of goods and services (b) Movement of people (c) Movement of investments and technology (d) All of the above	1
34.	Person Z tries to explain how the requirement of a double coincidence of wants in a barter system limits trade and exchange. Which of the following justification do you think will be used by him/her? A. It makes trade more complicated, as each person must have what the other person wants, limiting the pool of potential trade partners. B. The barter system allows trade to be conducted more efficiently since both parties already know what they need from the transaction. C. It increases the number of exchanges because each person can trade for exactly what they want. D. The system creates value for goods by ensuring that both parties have a direct need for each other's goods.	1
35.	Highlight any three factors responsible for the growth of the service sector in the Indian economy.	3
36.	How did MGNREGA-2005 bring upliftment of the rural people? Explain.	3
37.	Highlight the significant three factors that have contributed to the growth of globalisation.	3
