SECTION A- READING**1. Read the passage carefully and answer the questions that follow: 10 Marks**

1. A piano teacher described an interesting encounter she had had with a young lady who came to inquire about music lessons. The young lady asked her, "How long will this course take? My father tells me that it is in fashion now to be able to play musical instruments and that I should learn one quickly. I want something that will be quick, fast and easy like, like...." When the amused teacher explained that, it would take a lifetime of meticulous practice to learn music, her face fell and, needless, to say, she never came back.

2. The single most important factor that distinguishes those of us who succeed in any venture and those of us who don't is this 'instant coffee' attitude. Most of us want results quickly. We want to reach the top immediately and get worked up when things go wrong. Perseverance and patience are forgotten words. We get upset, frustrated, and angry when a skill or activity requires us to put in a lot of effort and time. We get dejected and want to give it up.

3. But such thinking serves no good. For, it doesn't solve the problem. Life is tough for those with an 'instant coffee' attitude.

4. Success, real success, and happiness come to those who have a 'bread-making' attitude. Those who are willing to knead the dough, wait for hours for it to rise, only to punch it down and knead some more, wait for another couple of hours for it to rise again, then bake it before it is ready to be eaten. Nothing is instantaneous. For every endeavour-whether in the area of career, academics, music, sports, relationships, physical fitness, or even in spirituality-it is a long arduous journey.

5. Only if we are willing to put in the time, painstaking effort and have faith, can we get results. If we don't accept this difficult-but-true fact of life, our lives will be far from being happy and fulfilling. For we may not make that extra effort which can change the course of life dramatically, for the good.

6. The major problems with these 'instant coffee' solutions are that they are invariably short lived. If we stubbornly refuse to give up this search for quick solutions, all we do is end up on the wrong track.

On the basis of your reading answer the following questions:

Q2. Read the following passage and answer the questions that follow:

12 Marks

1. The Road to success is not straight; there is a curve called failure, a loop called confusion, speed bumps called friends, caution lights called family, and you will have flats called jobs. But, if you have a spare called determination, an engine called perseverance, insurance called faith, and a driver called God, you will make it to a place called success!

2. In spite of all our planning and preparation, unexpected challenges are certain to arise. The bumps in the road are unavoidable, but you'll never get to your destination if you aren't willing to drive over them. The difference between a disaster and triumph lies in whether or not you're prepared and willing to weather the storm. If you're ready, those bumps will become stepping-stones.

3. The key thing to realize is that working harder is same as working smarter. How do you work smarter? You just need to have the right skills. People want improved circumstances and better life without an improved self. They want victory without paying the price or making efforts. It really cannot happen without the other. Any improvements that have not been generated by improving yourself are superficial and short-lived. If you want to have a better future, you have to change yourself. Stop worrying about the various challenges that will come your way. Just believe in yourself and use them as stepping-stones.

4. "Success" is getting whatever you want out of life without violating the rights of others." It is not an accident. Success is the result of our attitude and our attitude is a choice. Hence success is a matter of choice and not chance.

5. Today success represents a holistic and positive attitude to life. Attitude is everything. Success is not restricted within some kind of brick and mortar premises. It assumes the individuality of a complete act executed with perfection; material achievements do not define life. We don't remember sports stars for the products they endorse but the spirit of achievement they represent. In the abundance of positive attitude, underline the grandeur of a truly rewarding rich life.

6. Success can be measured from two standpoints—the external and the internal. Externally it is the measure of a job well done and recognition. Internally it the feeling of achievement and wholeness derived from the completion of a task or fulfilment of desire.

2.1 On the basis of your reading of the above extract, answer any four the following questions in 30-40 words each: (2x4=8 Marks)
